In the year 2056 - the not so distant future - an epidemic of organ failures devastates the planet. Out of the tragedy, a savior emerges: GeneCo, a biotech company that offers organ transplants, for a price. Those who miss their payments are scheduled for repossession and hunted by villainous Repo Men. In a world where surgery addicts are hooked on painkilling drugs and murder is sanctioned by law, a sheltered young girl searches for the cure to her own rare disease as well as information about her family's mysterious history. After being sucked into the haunting world of GeneCo, she is unable to turn back, as all of her questions will be answered at the wildly anticipated spectacular event: The Genetic Opera.

Chandler Cinemas is proud to be the exclusive venue for REPO! in the Phoenix area. As the Valley's only independent theatre, home to *The Midnite Movie Mamacita*, *The Rocky Horror Picture Show*, and a host of other off the wall, alternative, underground programming and events, our reputation for edgy, indie fare and built-in audience hungry for something beyond the mainstream makes Chandler Cinemas the natural choice for this groundbreaking, instant cult classic.

Director Darren Bousman (SAW II, III, IV) will be in attendance with REPO! Writer and Composer Terrance Zdunich (Graverobber in the film)

"So many films have visibly strained for cult status in recent years that it's refreshing to see one that's guaranteed to attain it simply by staying true to its own demented vision"

-Fangoria.com

"Repo! The Genetic Opera" is so over-the-top it's purple"

-Variety.com

"Only time will tell whether "REPO!" can live up to its cult potential, but the potential is most definitely there"

-Filmthreat.com

"Strange, off-kilter and almost entirely hypnotic – even if you're not feeling it, you still can't for a moment take your eyes off of it"
